THIS DISTRICT DEVELOPMENT AGREEMENT NO. 1 FOR THE SPRING VALLEY COMMUNITY INFRASTRUCTURE DISTRICT NO. 1 (CITY OF EAGLE, IDAHO) (the "**Agreement**") is entered into this 24th day of April, 2012 (the "**Effective Date**"), by and among the City of Eagle, Idaho, a municipal corporation duly incorporated in accordance with the laws of the State of Idaho (the "**City**"), Spring Valley Community Infrastructure District No. 1, a Community Infrastructure District duly formed and organized by the City and validly existing pursuant to the laws of the State of Idaho (the "**District**") and M3 Eagle, LLC, a Texas limited liability company, duly formed, validly existing and authorized to do business pursuant to the laws of the State of Idaho (the "**Owner**") and its successors and assigns, having an interest in all or substantially all of the real property within the District.

RECITALS

A. This Agreement is being entered into pursuant to the Community Infrastructure District Act codified at Title 50, Chapter 31, Idaho Code, as amended from time to time (the "**Act**").

B. The City, the District and the Owner are entering into this Agreement with regard to the property legally described and depicted in **Exhibit A**, attached hereto and made a part hereof (the "**Property**"), which Property is included within the boundaries of the District and which Property is owned by the Owner.

C. This Agreement is intended to be consistent with the General Plan approved upon the formation of the District (the "**General Plan**"). As provided further in Section 50-3104(9) of the Act, the District Board, defined herein, shall administer in a reasonable manner the implementation of the General Plan.

D. Pursuant to the Act, this Agreement addresses the financing, construction and/or acquisition of community infrastructure and community infrastructure purposes, as defined in Section 50-3102 of the Act and described in the General Plan ("**Community Infrastructure**"), which Community Infrastructure includes any and all real property and/or interests necessary to operate and maintain Community Infrastructure ("**Necessary Property**").

E. It is in the intent of the Owner and the District to consider the financing of Community Infrastructure, as appropriate, over time as the development of the Property occurs using General Obligation Bonds ("**G.O. Bonds**"), Special Assessment Bonds ("**Assessment Bonds**") and Revenue Bonds ("**Revenue Bonds**") (individually, a "**Bond**" and collectively, the "**Bonds**") in amounts not to exceed the following:

- (i) **G.O. Bonds** – The lesser of \$250,000,000.00 or the percentage of the actual or adjusted market value for assessment purposes on all taxable property within the District as allowed by the Act on July 1, 2012. It is expected that G.O. Bonds will be sold over time as the market value of property contained within the District increases as development occurs.
- (ii) **Assessment Bonds** – No more than thirty-three percent (33%) of the overall bulk aggregate wholesale value of the property being assessed. It is expected that Assessment Bonds will be sold over time as development of the Property occurs.
- (iii) **Revenue Bonds** – The lesser of \$75,000,000.00 or the amount supported by pledged sources of revenues and a minimum Debt Service coverage ratio of one hundred ten percent (110%). It is expected that Revenue Bonds will be sold over time as the amount and availability of revenue sources increases as development of the Property occurs.

F. The Owner and the City have entered into a Pre-Annexation and Development Agreement, as may be amended from time to time, by and between the City and the Owner, recorded in Ada County, Idaho, on December 27, 2007 as Instrument No. 107170114 in connection with the Property (the "**PADA**"). Pursuant to Section 50-3102(7) of the Act, this Agreement is in addition to and shall not supplant any development agreement entered into between the City and the Owner pursuant to Section 67-6511A, Idaho Code, including, but not limited to, the PADA.

G. The City has been and will continue to be involved with the District only to the extent required by the Act and applicable law.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and agreed, and in consideration of the recitals above, which are incorporated below, and in consideration of the premises and the mutual representations, covenants and agreements hereinafter contained, the City, the District and the Owner represent, covenant and agree as follows:

1. GENERAL; ADMINISTRATION

1.1 District Organization and Limitation on Liability. The District shall conduct its affairs and maintain the District's records in accordance with this Agreement, the Act and applicable local, state and federal law. As requested by Section 50-3104(2) of the Act, three members of the City Council chosen by the City Council shall serve as the District's board of directors (the "**District Board**") at the time of District formation. In the event of a vacancy on the District Board, the City Council shall timely appoint a member of the City's Council to serve on the District Board to fill the vacated position(s). A professional "**District Manager**" shall be appointed by the District Board. As provided in Section 50-3118 of the Act, neither any member of the District Board nor any person acting on behalf of the District, while acting within the scope of his or her authority, shall be subject to any personal liability for any action taken or omitted within that scope of authority.

1.2 District Consultants. As further described in Section 50-3104(5) of the Act, the District Manager may hire and fire financial advisors, legal advisors, underwriters, bond counsel, market consultants, appraisers, engineers, City staff, and such other advisors and consultants (individually, a "**District Consultant**" or collectively, the "**District Consultants**") as the District Manager determines necessary to assist the District in its operations and as authorized by the District Board. The Owner may submit a list of District Consultants to the District for consideration. The District may, at its sole discretion, as authorized by the District Board, hire and fire such District Consultants as allowed in the Act or other applicable law. District Consultants should be actively practicing in the professional fields consistent with the professional services being sought by the District.

1.3 Payment of City's Costs and Expenses. The City's services provided to the District as District Manager, District Treasurer, District Clerk and/or other District staff and/or District Consultants shall be paid by the District to the City for the City's costs and expenses incurred relating to the District in accordance with this Agreement and Idaho Code Section 67-2302. Such costs may be established by written instrument executed between the City and the District. On or before July 1st of each year, the City

will provide the District with an estimate of costs and expenses expected to be rendered to the District during the succeeding fiscal year of (October 1 – September 30) for budgeting purposes only.

1.4 Payment of Owner's Costs and Expenses. The parties acknowledge that the Owner has incurred and will incur costs and expenses in connection with the formation of the District, including but not limited to, design, engineering, legal, financial and other professional fees. If allowed by law, costs and expenses incurred by the Owner incident to and necessary for the creation of the District and incident to and necessary for carrying out the purposes of the District and/or the General Plan shall be reimbursed by the District including, but not limited to, costs and expenses associated with engineering, surveying, legal, financial and other professional services as provided in this Agreement, the Act, other applicable law and/or subsequent Bond(s) issuance that would allow such Owner's costs and expenses to be reimbursed to the Owner.

1.5 Administrative Tax. Pursuant to the Act, the District Board shall levy and collect a tax not to exceed one-hundredth of one percent (0.01%) of market value for assessment purposes on all taxable real property within the District (the "Tax") to pay for District Expenses, defined herein. On an annual basis, if the District Expenses exceed the amount of the Tax, at the request of the District Manager, the Owner shall advance to the District an amount not to exceed Ten Thousand Dollars (\$10,000.00) to pay for District Expenses not funded by the Tax. Without further written agreement between the District and the Owner, the total amount paid by the Owner in any fiscal year shall not exceed Ten Thousand Dollars (\$10,000.00). Nevertheless, if the proceeds from the Tax exceed the District Expenses, such excess proceeds shall be used to reimburse the Owner for the Owner's cumulative advances to the District, if any, to pay for previously-funded District Expenses. The proceeds of the Tax may be used by the District for any lawful purpose as provided in the Act.

1.6 Payment of District Expenses. "District Expenses" shall include all administrative costs and expenses incurred by the District pursuant to Sections 50-3113 and 50-3114(1) of the Act including, but not limited to, the costs and expenses as provided further in Section 1.3 and Section 1.4 above and the costs and expenses of District Consultants related to the administration of the District and/or the issuance of Bonds. District Expenses shall include a per diem amount of Seventy-Five Dollars (\$75.00) for each District Board member for each regular Board meeting attended and Twenty-Five Dollars (\$25.00) for each Special meeting attended. No District Board member may receive in excess of One Thousand Three Hundred Dollars (\$1,300.00) during any fiscal year. If allowed by law and Bond documents issued by the District, District Expenses may be paid with Bond proceeds. District Expenses shall not include any costs or expenses paid by the District from revenues or taxes collected to pay the "Debt Service" (as such term is defined in the Act) on any Bonds.

1.7 Financing Requests. Each time the Owner desires financing, construction and/or acquisition of a distinct portion of Community Infrastructure through the issuance of a Bond by the District, the Owner shall submit to the District a Financing Request, defined herein. No Financing Request is required to be submitted to the District in connection with Community Infrastructure that is not requested to be financed, constructed and/or acquired with Bonds issued by the District.

A "Financing Request" shall include, but not be limited to: a description of the Community Infrastructure to be financed, constructed, operated, maintained, monitored and/or acquired and all other information useful to understand the proposed project; a map showing, in general, the location of the project; a map or description of the area benefited by the project; an estimate of the hard and soft costs to construct and/or acquire the project; an estimate of advance(s) by the Owner, if any; an estimated schedule for completion of the project; and a plan for financing the project and information required for the type of Bond(s) that are being requested to be issued by the District. The District Board shall process

and/or amend any Financing Request submitted by the Owner consistent with the terms of this Agreement, the General Plan and the Act. Minor modifications to the Financing Request may be approved by the District Manager if the District Manager fairly determines that a proposed modification is minor and consistent with this Agreement and applicable law.

The District Board, upon approval of a Financing Request, shall take any and all such actions as may be required, consistent with the Act and other applicable law and pursuant to the terms and conditions established by the District Board in connection with the District-approved Financing Request, so that Bond(s), which are the subject of the Financing Request, may be pursued. No representation or warranty is given by the District, the District Board, or the City that Bonds approved for issuance and sale by the District can be sold by the District, or that sufficient Bond proceeds will be available to pay any Project Price, defined herein, or Construction Costs, defined herein.

If the Owner has filed a Financing Request with the District, the District Manager may request that the Owner deposit with the District an amount not to exceed Ten Thousand Dollars (\$10,000.00) to defray District Expenses specifically related to the review of the Financing Request and/or the issuance of Bonds. If such deposit is depleted to an amount less than or equal to Two Thousand Dollars (\$2,000.00), at the request of the District Manager, the Owner shall replenish such fund with an additional amount not to exceed Ten Thousand Dollars (\$10,000.00). Without further written agreement between the District and the Owner, the total amount of such fund shall not exceed Eighteen Thousand Dollars (\$18,000.00). If such District Expenses exceed Eighteen Thousand Dollars (\$18,000.00), the District may, at its sole discretion, cease processing the Financing Request, Bond(s), or Community Infrastructure projects until such agreement is executed by the District and the Owner. If allowed by law and Bond documents, District Expenses related to the review of the Financing Request and/or issuance of Bonds, including that portion of District Expenses paid by the Owner, may be paid with Bond proceeds.

1.8 Contracting for Community Infrastructure.

(a) **Bid Requirements.** In connection with the construction of Community Infrastructure, the Owner and/or the District shall have the ability to use any public bidding method available pursuant to applicable local, state and/or federal law. As required by the Act, the construction of Community Infrastructure shall be publicly bid and awarded pursuant to the provisions of Idaho Code, including, but not limited to, Chapter 28, Title 67 of the Idaho Code (the “**Public Bid Requirements**”). Documentation of any public bids shall be maintained in the public records of the District as required by law.

(b) **Notice Inviting Bids.** In connection with the construction of Community Infrastructure by either the Owner or the District, a notice inviting bids in connection with such Community Infrastructure (“**Notice Inviting Bids**”) shall be published as required by applicable law. The Notice Inviting Bids may include, but not be limited to, the following information: (i) the cost for copies of plans, specifications and applicable bid forms, when available and from whom; (ii) specified percentage amount of the bid, in the form of an official bank check or a bid bond to accompany the bid; (iii) contact information for the District or the Owner, whoever is soliciting bid(s); (iv) how and by when objections to specifications or bidding procedures may be made; (v) time and place for pre-bid conference; and (vi) the date and time by which sealed bids must be received by the District or the Owner, whoever is soliciting bid(s).

(c) **Limitation on Recourse.** Each agreement or contract for construction and/or acquisition of Community Infrastructure using Bond proceeds shall provide that the respective contractors or vendors shall not have recourse, directly or indirectly, from or against the City and/or other agencies that are

political subdivisions of the State of Idaho (the City and/or such other agencies are individually or collectively referred to herein as “**Applicable Agency**” or “**Applicable Agencies**”).

2. OWNER-CONSTRUCTED COMMUNITY INFRASTRUCTURE

2.1 Generally. Owner-constructed Community Infrastructure constructed and/or financed by the Owner is referred to herein individually or collectively, as the context dictates, as the “**Owner Project(s)**”. The Owner may construct or cause to be constructed any of the Community Infrastructure described in the General Plan in accordance with plans and specifications approved by the Applicable Agencies (the “**Plans and Specifications**”). As provided further in Section 1.7 above, each time the Owner desires financing, construction, operation, maintenance, monitoring and/or acquisition of a distinct portion of Community Infrastructure through the issuance of a Bond by the District, the Owner shall submit to the District a Financing Request.

2.2 Public Bidding. As provided further in Section 50-3107 of the Act, the Owner Projects which are to be financed and/or acquired by the District shall be bid in one or more parts pursuant to the Public Bid Requirements. Any such contracts relating to the Owner Projects are referred to herein individually or collectively, as the context dictates, as the “**Owner Project Construction Contracts**.” Plans and Specifications, bid documents and bidding procedures are subject to review by the engineer for the District (the “**District Engineer**”) and/or the Applicable Agency engineer as required by applicable law. Following such review, the construction management and bid process is the responsibility of the Owner. Documentation of public bids shall be provided to the District by the Owner in connection with the Owner Projects that are to be financed and/or acquired by the District in conjunction with the financing and/or acquisition process described herein.

2.3 Project Price. The “**Project Price**” for any Owner Project may include, but not be limited to: the sum of the accepted bid; any amount paid on account of change orders; requests for information; field orders, or other sums approved by the Owner; other amounts that are not statutorily required to be bid pursuant to the Public Bid Requirements but are consistent with the District-approved Financing Request, which may include, but are not limited to: (i) design and/or engineering; (ii) construction and/or installation of the Owner Project; (iii) construction management services, whether provided by the Owner or third parties; (iv) inspection and supervision by the District Manager and/or District Engineer, if any; (v) the fair market value of the Necessary Property; (vi) other miscellaneous and incidental costs including, but not limited to, administrative, legal, financial advisor(s), financing costs, appraisal, market studies, surveying and engineering studies and costs expended by the Owner and/or the District; and (vii) interest during the period starting from the date of dedication, contribution or expenditure and concluding when the Project Price is paid in full calculated at the rate of interest equal to the prime rate reported in the West Coast Edition of the Wall Street Journal plus two percent (2%) from day-to-day or, if applicable, calculated at a rate of interest legally allowed by a funding agency such as, by way of example only, the Idaho Department of Environmental Quality.

If the Owner submits a Financing Request prior to the public bidding of an Owner Project and if the Owner subsequently publicly bids on an Owner Project that was included in a District-approved Financing Request, the total bid amount shall be deemed approved so long as the total bid amount does not exceed the estimated cost of such Owner Project set forth in the Financing Request. In the event a cost component of a Project Price pertains to two or more Owner Projects, such cost component shall be allocated among the Owner Projects.

2.4 Financing Owner Projects.

(a) Owner Project(s) may be paid by the Owner at any time before the sale and delivery of Bonds. Until the sale and delivery of Bonds, the District shall not have any obligation to pay the Owner. After the sale and delivery of Bonds, the amount of the Project Price paid by the Owner shall, subject to the conditions precedent to payment found in Section 2.5(a) below, be paid to the Owner from, and only from, the Bond proceeds.

(b) As further set forth in Section 50-3105(3) of the Act, payment of the Project Price is subject to the availability of Bond proceeds as described in this Agreement, the District-approved Financing Request, the Act and other applicable state and federal laws and regulations; provided, however, the foregoing is not intended to limit the Owner's right to payment for any amount of the Project Price paid by the Owner in excess of the Bond proceeds if the District is able to finance such amount from other or future Bonds as allowed by applicable law. At the Owner's request, the District Board agrees to pursue the issuance of Bonds in a timely manner as set forth in the District-approved Financing Request, the Act, this Agreement, and as allowed by applicable law.

(c) Notwithstanding anything to the contrary herein, no representation or warranty is given by the District or the District Board that the Bonds approved for issuance and sale by the District can be sold by the District, or that sufficient Bond proceeds will be available to pay the Project Price or any portion thereof.

(d) If the Bonds are not issued or if the proceeds of the Bonds are insufficient to pay all of the Project Price, there shall be no recourse against the District and the District shall have no liability with respect to the Project Price, provided however, the District shall proceed with future Bond issuances, whenever the same has been requested by the Owner, and whenever the District has capacity to proceed with future Bond issuances, to fully or partially satisfy the outstanding balance of the Project Price.

2.5 Acquisition of an Owner Project by the District.

(a) **Conditions Precedent to Payment.** Following the issuance of Bonds, the District shall pay either the full or partial payment of the Project Price; and acquire from the Owner, and the Owner shall accept the Project Price as either full or partial payment; and sell to the District, each Owner Project after receipt by the District Manager of the following, in form and substance reasonably satisfactory to the District Manager and/or Applicable Agency:

- (i) Statement of the District Engineer (and/or Applicable Agency engineer) and the Owner's Engineer, stating that, to the best of their knowledge: (i) the Community Infrastructure has been completed in substantial accordance with the approved Plans and Specifications; (ii) the cost of such Community Infrastructure was in conformance with the Owner Project Construction Contract; (iii) such Community Infrastructure was procured in compliance with the Public Bid Requirements; (iv) the Owner has filed all construction plans, specifications, contract documents and supporting engineering data for the construction or installation of such Community Infrastructure with the Applicable Agency; and (v) that the Owner obtained good and sufficient performance and payment bonds or other form of completion guarantee approved by the District;

- (ii) a deed, plat dedication, easement or such other documentation as may be required by the Applicable Agency evidencing that all Necessary Property has been, or is concurrently being, conveyed to the District or other Applicable Agency and public access to the Owner Project has been or will be provided;
- (iii) an instrument of Conveyance in form similar to that form set forth and attached as **Exhibit C**;
- (iv) the assignment of all contractors and materialmen warranties and guarantees as well as payment and performance bonds and releases of all liens;
- (v) the payment of any outstanding District Expenses, as provided further in this Agreement;
- (vi) an acceptance letter issued by the Applicable Agency. Such acceptance letter should be issued by the District or Applicable Agency within sixty (60) days of receipt of a request for acquisition by the Owner. In the event that the District, the Owner, or Applicable Agency determines that additional time is needed to issue an acceptance letter, the District, the Owner or Applicable Agency shall identify for the other parties the amount of time reasonably needed to issue an acceptance letter. Should such acceptance not be given by the District or other Applicable Agency, the respective party shall state with particularity such objections as to why such letter shall not issue. The Owner shall, within sixty (60) days, respond in writing to such party's objections, addressing such objections. If cause shall exist, the Owner may request that the District or the Applicable Agency reconsider such objections. Within thirty (30) days of the Owner's request for reconsideration, such party shall respond in writing addressing the same with particularity; and
- (vii) such other documents, drawings, instruments and/or approvals as may reasonably be requested by the District Manager and/or Applicable Agency.

The Applicable Agency shall act with reasonable diligence in processing the acceptance of such Community Infrastructure and assuming maintenance responsibilities.

3. DISTRICT-CONSTRUCTED COMMUNITY INFRASTRUCTURE

3.1 Generally. After the District Board approves a Financing Request for construction of Community Infrastructure by the District, and after the conveyance of all related Necessary Property, the District may construct or cause to be constructed any of the Community Infrastructure described in the General Plan, which is referred to herein individually, or collectively, as the context dictates, as the "**District Project(s)**" in accordance with the Plans and Specifications.

3.2 Public Bidding. The District Projects may be bid in one or more parts pursuant to the Public Bid Requirements and as may be required in a District-approved Financing Request. Any such contracts relating to the District Projects are referred to herein individually or collectively, as the context dictates, as the "**District Project Construction Contract(s)**." Plans and Specifications, bid documents and bidding procedures are subject to review by the District Engineer (and/or Applicable Agency engineers). The District Board shall award a District Project Construction Contract in a time frame consistent with the bid instructions and applicable law. With respect to such District Project Construction Contracts, at the discretion of the District Manager, the District may assign the construction bid process to the Owner.

3.3 Construction Costs. The “Construction Costs” for any District Project may include, but not be limited to, the sum of the accepted bid, plus any amount paid on account of any change orders or requests for information or field orders or other sums approved by the District Board and/or the District Engineer, plus any other amounts that are not statutorily required to be bid pursuant to the Public Bid Requirements that are consistent with the District-approved Financing Request, which may include, but are not limited to: (i) design and/or engineering of the District Project; (ii) construction and/or installation of the District Project pursuant to the District Project Construction Contract(s); (iii) construction management services; (iv) inspection and supervision by the District Manager and/or District Engineer of performance under such District Project Construction Contract(s); (v) the fair market value of the Necessary Property related to the District Project; (vi) other miscellaneous and incidental costs including, but not limited to, administrative, legal, financial advisor(s), financing costs, appraisal, market studies, surveying and engineering studies and costs expended by the District and/or the Owner in connection with the District Project approved in the Financing Request; and (vii) interest during the period starting from the date of dedication, contribution or expenditure and concluding when the Construction Costs are paid in full on the amounts expended in connection with clauses (i) through (vi), or calculated at a rate of interest legally allowed by a funding agency such as, by way of example only, the Idaho Department of Environmental Quality. In the event a cost component of the Construction Costs pertains to two or more District Projects, such cost component shall be allocated among the District Projects.

3.4 Financing District Projects.

(a) As further set forth in Section 50-3105(3) of the Act, construction Costs may be advanced to the District by the Owner at any time before the sale and delivery of Bonds. Any such payment of Construction Costs by the Owner shall be consistent with the District Project Construction Contract(s) and shall be advanced only upon the written approval of the District Engineer and the District Manager. Until the sale and delivery of Bonds issued and authorized to fund such Construction Costs, the District shall not have any obligation to reimburse the Owner. After the sale and delivery of Bonds, the amount of the Construction Costs paid by the Owner shall be paid to the Owner from, and only from, the Bond proceeds.

(b) As further set forth in Section 50-3105(3) of the Act, payment of the Construction Costs is subject to the availability of Bond proceeds as set forth in this Agreement, the District-approved Financing Request, the Act and other applicable state and federal laws and regulations; provided, however, the foregoing is not intended to limit the Owner’s right to payment for any amount of the Construction Costs paid by the Owner in excess of the Bond proceeds if the District is able to finance such amount from other or future Bonds as allowed by applicable law. At the Owner’s request, the District Board agrees to make all efforts to issue Bonds in a timely manner as set forth in the District-approved Financing Request, the Act, this Agreement, and as allowed by applicable law.

(c) Notwithstanding anything to the contrary herein, no representation or warranty is given by the District, the District Board or the City that the Bonds approved for issuance and sale by the District can be sold by the District, or that sufficient proceeds from the sale of the Bonds will be available to pay such Construction Costs.

(d) If the Bonds are not issued or if the proceeds of the Bonds are insufficient to pay all of the Construction Costs, there shall be no recourse against the District and the District shall have no liability with respect to the Construction Costs; provided, however, the District shall proceed with future

Bond issuances, whenever the same has been requested by the Owner, and whenever the District has capacity to proceed with future Bond issuances, to fully or partially satisfy the Construction Costs.

3.5 Conveyance of Necessary Property. Prior to bidding any contract for the construction of a District Project, the Owner, at its sole discretion, shall: (a) sell to the District; or (b) if directed by the District and consented to in writing by an Applicable Agency, sell to such Applicable Agency, Necessary Property required related to a District Project. In addition, conveyance of such Necessary Property shall occur after receipt by the District Manager of the following with respect to such Necessary Property, in form and substance reasonably satisfactory to the District Manager:

(a) a deed, plat dedication, easement or such other documentation evidencing that all Necessary Property has been, or is concurrently being, conveyed to the District or Applicable Agency and public access to the District Project has been or will be provided; and

(b) such other documents, drawings, instruments and/or approvals as may reasonably be requested by the District Manager and/or Applicable Agency.

3.6 Acceptance. Acceptance of Community Infrastructure shall be accompanied by a statement of the District Engineer (and/or the Applicable Agency engineer) and the Owner's Engineer, stating that, to the best of their knowledge: (i) the Community Infrastructure has been completed in substantial accordance with the approved Plans and Specifications; (ii) the cost of such Community Infrastructure was in conformance with the District Project Construction Contract; (iii) such Community Infrastructure was procured in compliance with the Public Bid Requirements; (iv) that the District has filed all construction plans, specifications, contract documents and supporting engineering data for the construction or installation of such Community Infrastructure with the Applicable Agency; and (v) that the District obtained good and sufficient performance and payment bonds or other form of completion guarantee approved by the District. The Applicable Agency shall act with reasonable diligence in processing the acceptance of such Community Infrastructure and assuming maintenance responsibilities.

4. MATTERS RELATING TO BONDS AND OTHER OBLIGATIONS OF THE DISTRICT

4.1 Bonds Generally.

(a) **Sale of Bonds; Amount.** As development of the Property occurs over time, Bonds may be sold in one or several series, in an amount sufficient: (i) to pay the Project Price for an Owner Project and/or the Construction Costs for a District Project; (ii) to pay all other amounts indicated in a Financing Request; (iii) to pay all relevant issuance costs related to the applicable series of the Bonds; (iv) to pay any capitalized interest described in a Financing Request; (v) to pay other costs as may be required to accomplish the financing; and (vi) if required, and if permitted by law, to fund a Debt Service reserve fund in an amount not in excess of that described in a Financing Request, or as may be required for the issuance of the Bonds, or as required by other applicable law (collectively, the "**Financeable Amount**").

(b) **Fees Used to Pay Debt Service.** In the event the Applicable Agency receives any fees in connection with the construction of Community Infrastructure, which fees are typically used to finance and/or construct community-type infrastructure, the parties hereto and/or other Applicable Agency shall ensure that such fees are paid by the Applicable Agency directly to the District for the District's use to pay down the Debt Service in connection with the applicable Bond(s).

(c) **Bond Requests by Third Parties.** Neither the District nor any other third party owning property within the District shall have the ability to request the issuance of Bonds until such time as the Owner and/or the Owner's respective affiliates (as approved by the Owner) holds fee title to less than fifteen percent (15%) of the total property contained within the boundaries of the District.

(d) **Refunding Bonds.** In the case of the refunding of a Bond, at the discretion of the Owner, such refunding bonds shall meet the terms of the Act and such refunding bonds may have a term less than thirty (30) years or the longest term allowed by law.

4.2 Assessment Bonds.

(a) **General.** Over time, as development within the boundaries of the District occurs, the Owner may submit one or more Financing Request(s) to the District for the District Board's review and approval in connection with the construction and/or acquisition of Community Infrastructure. Assessment Bonds are secured and payable from amounts collected from special assessment (the "Assessments"). Assessment Bonds may have a term of thirty (30) years or the longest term allowed by law.

(b) **Assessment Bond Requests.** Section 50-3109 and other applicable Sections of the Act and this Agreement shall be followed upon submission of a Financing Request and petition signed by all the owners of all the lands located in a proposed assessment area. The District Board shall adopt a resolution ordering that a hearing be held to determine whether a special assessment should be imposed and Assessment Bonds be issued to provide financing for Community Infrastructure consistent with the General Plan, the petition, the District-approved Financing Request and applicable law.

(c) **Amount.**

(i) The Assessments shall be based on the Financeable Amount indicated in the District-approved Financing Request.

(ii) The Assessments shall be levied pursuant to the procedures prescribed by Section 50-3109 of the Act and such other procedures as the District provides or, alternatively, prior to the issuance of the Assessment Bonds, the District and the Owner may enter into a written agreement as to the manner in which the Assessments are to be categorized as provided further in Section 50-3109 of the Act.

(iii) In the event of nonpayment of the Assessment(s), the procedures for foreclosure of the applicable portion of the Property set forth in Section 50-3109(8) of the Act, shall apply. The District is not required to purchase any of the Property at such foreclosure sale if there is no other purchaser.

(iv) Property owners may prepay, in whole or in part the applicable portion of the Assessment, on any interest payment date, the following shall be paid in cash to the District: (A) the interest on such portion to the next date Assessment Bonds may be redeemed; plus (B) the unpaid principal amount of such portion rounded up to the next highest multiple of the lowest authorized denomination of the Assessment Bonds; plus (C) any premium due on such redemption date with respect to such portion, if any; plus (D) any administrative or other fees charged by the District with respect thereto; less (E) the amount by which the reserve described in Section 4.2(f) may be reduced on such redemption date as a result of such prepayment. The

reserve fund credit shall equal the lesser of: (a) the expected reduction in the reserve requirement associated with the redemption of the outstanding Assessment Bonds as a result of the prepayment; or (b) the amount derived by subtracting the new reserve requirement in effect after the redemption of outstanding Assessment Bonds as the result of the prepayment from the balance in the reserve fund on the payment date.

(v) If allowed by applicable law and the Bond documents, the District shall allow the sale of Assessment Bonds in One Thousand Dollars (\$1,000.00) denominations to facilitate the potential prepayment of Assessments.

(d) **Appraisal; Value-to-Lien Ratio.** At the time of sale of the Assessment Bonds, an appraisal in form and substance satisfactory to the District, and prepared by an MAI appraiser and in conformance with the Uniform Standards of Professional Appraisal Practice (the “**Appraisal**”) must show that the overall bulk aggregate wholesale value of the land contained within the assessment area to be financed with Assessment Bonds (as improved by the Community Infrastructure described in the relevant Financing Request), as well as other improvements for which completion guarantees have been provided, is worth at least three (3) times the aggregate principal amount of the Assessment Bonds allocated to the assessed land. In the event that an overall three (3) times the aggregate principal amount of the Assessment Bonds cannot be achieved, the Owner shall have the following options: (i) posting a letter of credit, or mortgaging other MAI-appraised real estate collateral sufficient to cover the portion of the Assessment Bonds not supported by the overall value-to-lien ratio requirement until such time as the Owner may demonstrate to the satisfaction of the District that the land contained within such assessment area is worth at least three (3) times the aggregate principal amount of the Assessment Bonds; (ii) escrowing that portion of the proceeds of the Assessment Bonds not supported by the overall value-to-lien ratio requirement until such time as the Owner may demonstrate to the satisfaction of the District that the land contained within such assessment area is worth at least three (3) times the aggregate principal amount of the Assessment Bonds; and/or (iii) issuing a second series of Assessment Bonds for such assessment area.

(e) **Financial Assurance.** At the time of sale of the Assessment Bonds, the Owner shall provide or cause to be provided financial assurances in the form of escrowed cash, bonds, letter of credit, mortgage or other similar assurances, accessible by the District and in each case in form acceptable to the District Manager, for amounts necessary to pay all costs and expenses associated with providing the Community Infrastructure described in the Financing Request in excess of the Assessment Bond proceeds, if any, for the Community Infrastructure which is the subject of the Financing Request as well as any unpaid costs and expenses of issuance of the Assessment Bonds, if any, not paid or payable from the Assessment Bonds proceeds because such proceeds are insufficient in amount for such purposes. The foregoing is not intended to limit the ability of the Owner to seek reimbursement for any amount advanced in excess of the Assessment Bonds proceeds if the District is able to finance such amount from other or future Assessment Bond proceeds, and the District and the Applicable Agency shall reasonably work together with the Owner in preserving the right to any such future reimbursement.

(f) **Reserve Fund.** The Assessment Bonds proceeds shall include an amount sufficient to fund a reserve to secure payment of Debt Service on the Assessment Bonds. The reserve fund may be equal to the lesser of: (i) ten percent (10%) of the Assessment Bond amount; or (ii) the maximum annual Debt Service; or (iii) one hundred twenty-five percent (125%) of the average annual principal and interest requirement of the Assessment Bonds. The Reserve fund may be larger if required by the Bond(s). Payment of Assessments from such reserve fund shall not effect a reduction in the amount of the Assessments, and any Assessments paid from such reserve fund and thereafter collected shall be deposited to such reserve fund. If any portion of the reserve fund balance remains in existence, such

reserve fund shall be used to defray the last year's Debt Service of the Assessment Bonds associated with such reserve fund.

4.3 General Obligation Bonds.

(a) **General.** At the request of the Owner, the District shall hold a G.O. Bond election for an amount equal to Two Hundred Fifty Million Dollars (\$250,000,000.00). Over time, as the assessed valuation of the property within the boundaries of the District increases, the Owner may submit one or more G.O. Bond Financing Request(s) to the District for the District Board review and approval in connection with the construction and/or acquisition of Community Infrastructure in an amount not to exceed Two Hundred Fifty Million Dollars (\$250,000,000.00) or the percentage of the actual or adjusted market value for assessment purposes on all taxable property within the District as allowed by the Act on July 1, 2012. The G.O. Bond authorization(s) shall have a term of thirty (30) years or the longest term allowed by law.

(b) **G.O. Bond Request.** Section 50-3108 and other applicable Sections of the Act and this Agreement shall be followed upon submission of a Financing Request. The District Board shall pursue the issuance of G.O. Bonds consistent with the General Plan the District-approved Financing Request and applicable law. The District shall comply with the Act to hold the required election to authorize the District to issue such G.O. Bonds.

(c) **Tax Levy for Bonds.** Upon the issuance of G.O. Bonds for Community Infrastructure, the District shall annually levy and collect an *ad valorem* tax upon all taxable property in the District which shall be sufficient, after giving prudent consideration to other funds available to the District, to pay when due the principal of, interest on and premium, if any, on the G.O. Debt, defined herein, incurred by the District to finance Community Infrastructure purposes, including, the construction or acquisition of Community Infrastructure as provided in any District-approved Financing Request.

(d) **Limit on Indebtedness.** The parties have determined that no indebtedness (indebtedness shall not include District Expenses) secured by a pledge of *ad valorem* taxes (collectively, "G.O. Debt"), shall be incurred unless ninety-five percent (95%) of the amount of *ad valorem* taxes (to be collected at a tax rate determined by the Owner but in no event greater than .005 (5 mills) of the assessed value of the taxable property within the District) is sufficient to pay the highest combined Debt Service requirements for the proposed G.O. Debt and any other G.O. Debt outstanding. The assessed value of the taxable property shall, for purposes of this Section, be equal to the value at the time of the issuance of the proposed G.O. Debt as shown in the records of the Ada County Assessor. Notwithstanding the foregoing or any other provision of this Agreement, as and if requested by the Owner, G.O. Debt may be authorized by the District Board, for situations where a tax rate greater than .005 (5 mills) of the assessed value of taxable property would be necessary to pay the highest combined Debt Service of the proposed and outstanding G.O. Debt, if other sources of revenue or additional security acceptable to the District Board are pledged to pay Debt Service on the G.O. Debt in an amount that, when combined with the taxes collected at the .005 (5 mills) tax rate or less, provides a sufficient amount to pay the highest combined Debt Service of the proposed and outstanding G.O. Debt.

4.4 Revenue Bonds.

(a) **General.** At the request of the Owner, the District shall hold a Revenue Bond election equal to Seventy-Five Million Dollars (\$75,000,000.00). Over time, as development within the boundaries of the District occurs and eligible revenue sources become available, the Owner may submit

one or more Financing Request(s) to the District for the District Board's review and approval in connection with the construction and/or acquisition of Community Infrastructure in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000.00). The Revenue Bond authorization(s) shall have a term of thirty (30) years or the longest term allowed by law.

(b) **Revenue Bond Request.** Section 50-3110 and other applicable Sections of the Act and this Agreement shall be followed upon submission of a Financing Request. The District Board shall pursue the issuance of Revenue Bonds consistent with the General Plan, the District-approved Financing Request and applicable law. The District shall comply with the Act to hold the required election to authorize the District to issue such Revenue Bonds.

(c) **Pledged Revenue Sources.** The District may require agreements for additional security related to the pledging of revenue sources related to the repayment of Revenue Bonds.

(d) **Security Requirements.** If Revenue Bonds are issued for Community Infrastructure pursuant to the terms of the Act, such Revenue Bonds will be supported by a minimum Debt Service coverage ratio of one hundred ten percent (110%).

4.5 General Requirements. The following minimum requirements are hereby established and required with respect to any financing by the District sold to accredited investors (as defined in Rule 501(a), Regulation D), qualified institutional buyers (as defined in Rule 144A); and/or sophisticated municipal market participants (as such term is customarily used in the industry):

(a) **Limited Offering of Bonds; Transfer Restrictions.** Except as permitted below, the Bonds shall be sold only to accredited investors (as defined in Rule 501(a), Regulation D), qualified institutional buyers (as defined in Rule 144A) and/or sophisticated municipal market participants (as such term is customarily used in the industry). Secondary transfers of the Bonds will be permitted as long as Bonds are sold to accredited investors (as defined in Rule 501(a)), qualified institutional investors (as defined in Rule 144A); and/or sophisticated municipal market participants (as such term is customarily used in the industry).

(b) **Sale of Bonds.** Sale of Bonds will be pursuant to terms mutually agreeable to the Owner and the District Board including, but not limited to, the issuance of an unqualified Bond opinion therefore.

(c) **No Municipal Liability.** The City, the State of Idaho and/or any political subdivision thereof, shall not be liable for the payment or repayment of any obligation, liability, bond, or indebtedness of the District, and neither the credit nor the taxing power of the City, the State of Idaho and/or any political subdivision thereof, shall be pledged therefor.

(d) **Disclosure Recordation.** Section 50-3115 of the Act requires a disclosure notice to be recorded upon the records of each parcel of real property within the District setting forth that each such parcel will be encumbered with future Assessment Bonds, G.O. Bonds and/or Revenue Bonds. No later than ten (10) days after this Agreement is executed and delivered by each of the parties hereto, the Owner shall, on behalf of the City and the District, record a copy of this Agreement with the County Recorder of Ada County, Idaho. In addition, a disclosure pamphlet substantially in the form of **Exhibit B** hereto, amended as and if necessary by the District attorney to comply with applicable law (the "**Pamphlet**"), shall be provided to each potential purchaser of real property within the District. The Pamphlet shall be modified as necessary to adequately describe the District and disclose the existence of Bonds that may be then or in the future outstanding and the source(s) of payment for Debt Service for such Bonds. Each

potential purchaser shall acknowledge in writing that the purchaser received and understands the Pamphlet. The District shall maintain records of such written acknowledgments.

(e) **Continuing Disclosure Undertaking.** Each Obligated Person (as defined in Section 240.15c2-12, General Rules and Regulations, Securities Exchange Act of 1934 (the “**Rule**”)) shall execute and deliver, and thereafter comply with and carry out all the provisions of, a “**Continuing Disclosure Undertaking**” with respect to the Bonds which shall be in a form satisfactory to the District and the purchaser of the Bonds for such purchaser to comply with the requirements of the Rule.

5. PRIOR DEDICATION Notwithstanding anything to the contrary herein, the Applicable Agency may purchase and the Owner may sell and finance Necessary Property and/or related Community Infrastructure as allowed by law. If any portion of Necessary Property and/or Community Infrastructure has been or will be, conveyed, dedicated, or offered for conveyance or dedication by the Owner and/or accepted by the Applicable Agency, no such prior conveyance, dedication, or offer of conveyance or dedication and/or acceptance by the Applicable Agency of such Necessary Property and/or Community Infrastructure shall limit the District’s future ability to purchase and/or finance such Necessary Property and/or related Community Infrastructure, unless otherwise prohibited by law, and such prior conveyance, dedication, or offer of conveyance or dedication and/or acceptance shall not affect the tax-exempt status of the Bonds issued or to be issued.

6. INDEMNIFICATION. The Owner agrees to protect, defend and indemnify and hold the District and their officers, employees and/or agents and each of them harmless from and against any and all claims, losses, expenses, suits, actions, decrees, judgments, awards, opposing attorneys’ fees, and court costs which the District, their officers, employees and/or agents may suffer or which may be sought against or recovered or obtained from the District, their officers, employees and/or agents as a result of or by reason of or arising out of or in consequence of: (a) the acquisition, construction, or financing of Community Infrastructure pursuant to this Agreement; (b) any environmental or hazardous waste conditions in violation of applicable environmental laws which existed on any property that is part of an Owner Project at any time prior to final acceptance of the Project by the District and/or Applicable Agency, or which was caused by the Owner, or which existed on any of the property which is assessed at any time while the Owner owned the property, or which was caused by the Owner, provided said condition was not caused by the willful misconduct or gross negligence of the District and/or Applicable Agency; or (c) any willful misconduct or gross negligence of the Owner or any of its subcontractors, agents, or anyone directly employed by or acting in concert with the Owner or any of its subcontractors or agents, in connection with construction or financing of Community Infrastructure pursuant to this Agreement. This section is not intended and shall not be construed to be a warranty of the construction, workmanship or of the materials or equipment. No indemnification shall be provided by the Owner for any claim, loss and/or expense arising from the willful misconduct or gross negligence of the District or their officers, employees and/or agents. If allowed by law and the Bond document(s), any and all costs and expenses relating to Owner’s indemnification hereunder shall be paid with Bond proceeds.

7. ADDITIONS INTO DISTRICT. The purpose of the District is to provide for the financing, construction and/or acquisition of Community Infrastructure as defined in the General Plan for the District property only. Accordingly, the District and the Owner agree that future additions to the District pursuant to Section 50-3106(2) of the Act, shall be prohibited for the life of the District with the exception of property which may be now owned or later acquired by the Owner for inclusion within the boundaries of the District; or inclusions of property within the District with the express prior written consent of the Owner and the approvals of all the owners of the property to be added to the District.

8. COST SHARING OF COMMUNITY INFRASTRUCTURE OUTSIDE DISTRICT BOUNDARIES. The parties understand and acknowledge that some Community Infrastructure financed by the District and/or the Owner may also benefit other property outside of the District boundaries due to, but not limited to: (i) an offset against oversizing costs otherwise required in connection with the development of such other property; and/or (ii) such other property connecting to utilities constructed by the District and/or the Owner. In the event that such property can be shown to the satisfaction of the District Engineer to benefit directly from Community Infrastructure financed by the District and/or the Owner prior to utilizing such Community Infrastructure, such benefitting property's owner shall commit to contribute its proportionate share of the applicable Community Infrastructure and/or related costs, including, but not limited to, financing costs, through execution of a proportionate cost sharing mechanism as required by the District, and/or Applicable Agency (a "**Cost Sharing Mechanism**").

Prior to allowing any benefited extra-District properties to utilize the oversized facilities described in this Section, the District and/or Applicable Agencies pursuant to an intergovernmental agreement, shall cause each such benefitting property owner's obligation imposed pursuant to the Cost Sharing Mechanism to be paid in full at the earlier of: (i) final plat recordation; or (ii) the issuance of the first grading and/or building permit as appropriate. Proceeds from the Cost Sharing Mechanism shall be applied as follows: (i) to the District, if the District funded the Community Infrastructure; and/or (ii) to the Owner, if the Owner funded the Community Infrastructure; and (iii) a ten percent (10%) administrative fee payable to the District based on such benefitting property owner's obligation. If the extra-District properties elect not to enter into a Cost Sharing Mechanism, such extra-District properties shall not utilize the oversized Community Infrastructure facilities and must provide their own or alternative infrastructure facilities outside of the District.

9. ALTERNATIVE DISPUTE RESOLUTION

9.1 Compliance Reviews. In conjunction with the District's budgeting process, the Owner shall meet with District at least once per year during the life of the District, to review Community Infrastructure completed in the prior year and the Community Infrastructure anticipated to be commenced or completed in the ensuing year. The Owner shall be required to provide the District with such information as may reasonably be requested.

9.2 Third Party Actions. In the event of any legal or equitable action or other proceeding instituted by a third-party or other governmental entity or official challenging the validity of any provision of this Agreement or the District's or the Owner's actions or non-actions in implementing the terms of this Agreement, the parties hereby agree to work together in defending such action or proceeding. The District and the Owner may agree to select mutually agreeable legal counsel to defend such action or proceeding with the Owner reimbursing the District for its defense costs.

9.3 Default. Failure or unreasonable delay by any party to perform or otherwise act in accordance with any term or provision of this Agreement for a period of thirty (30) days following written notice thereof from the other party (the "**Cure Period**"), shall constitute a default under this Agreement; provided, however, that if the failure or delay is such that more than thirty (30) days would reasonably be required to perform such action or comply with any term or provision hereof, then such party shall have such additional time as may be reasonably necessary to perform or comply so long as such party commences performance or compliance within such thirty (30)-day period and diligently proceeds to complete such performance or fulfill such obligation (the "**Extended Cure Period**"). The written notice provided for above shall specify the nature of the alleged default and the manner in which said default may be satisfactorily cured, if possible.

9.4 Dispute Resolution/Remedies.

(a) **Process.** Notwithstanding anything to the contrary herein, if an event of default is not cured within the Cure Period or the Extended Cure Period, if applicable, the non-defaulting party may initiate the process by providing written notice initiating the process to the alleged defaulting party. Within fifteen (15) days after delivery of such notice, each party shall appoint one person to act as mediator on behalf of such party and notify the other party. Within fifteen (15) days after delivery of such notice, the persons appointed shall themselves appoint one person to serve as the sole mediator. The mediator shall set the time and place of the mediation hearing and shall give reasonable notice of the hearing to the parties. The parties may agree to hold the mediation by telephone.

(b) **Mediation.** The parties have structured this dispute resolution process with the goal of providing for the prompt and efficient resolution of all disputes falling within the purview of this process. The mediation of any dispute shall commence as soon as practicable, but in no event later than thirty (30) days after selection of the mediator. This deadline can be extended only with the consent of both parties. Proceedings shall be under the control of the mediator and as informal as practicable. In order to effectuate the parties' goals, the mediation, once commenced, shall proceed from business day to business day until concluded, absent a showing of unforeseen or emergency circumstances. If those receiving a request for mediation fail to appoint a mediator within the time above specified or if the result of such mediation is unsatisfactory to one or more parties, then any party may avail itself of any legal or equitable remedy available under Idaho law.

(c) **Statute of Limitations.** In the event that the statute of limitations would run during the required mediation period, a party may institute litigation so as to avoid the running of such statute upon the condition that such party immediately seek a stay of such litigation pending the conclusion of the mediation period.

(d) **Injunctive Relief.** During the course of mediation, any party to the mediation may apply for injunctive relief from any court of competent jurisdiction until the mediation period expires or the dispute is otherwise resolved.

(e) **Performance During Dispute Resolution.** The parties agree that pending the resolution of any dispute, controversy or question, the parties shall each continue to perform their respective obligations which are not the subject of the dispute, without interruption or delay.

(f) **Fees.** Each party shall pay its own fees and costs associated with the mediation process.

(g) **Prevailing Party.** In the event that any party to this Agreement shall file suit or action at law or equity to interpret or enforce this Agreement, the unsuccessful party or parties to such litigation agrees to pay to the prevailing party or parties all costs and expenses including reasonable attorneys' fees incurred by the prevailing party or parties. Similarly, all fees and costs associated with an appeal to any appellate court thereafter, including, without limitation, the prevailing party's or parties' attorneys' fees, shall be paid by the non-prevailing party.

10. MISCELLANEOUS

10.1 Federal Tax. No Applicable Agency, the District, or the Owner shall knowingly take or cause to be taken, any action that would cause interest on any Bond to be includable in gross income for federal income tax purposes pursuant to the Internal Revenue Code of 1986, as amended.

10.2 Successors and Assigns. All covenants and agreements contained herein shall run with the land, shall be binding upon, and shall inure to the benefit of the parties to this Agreement and their respective legal representatives, successors and assigns.

10.3 Further Assurances. Any party hereto shall, promptly upon the request of any other party hereto, have acknowledged and delivered to the other party or parties any and all further instruments and assurances reasonably requested or appropriate to evidence or give effect to the provisions of this Agreement.

10.4 Entire Agreement; Amendment. This Agreement sets forth the entire understanding of the parties as to the matters set forth herein as of the date this Agreement is executed and cannot be altered or otherwise amended except pursuant to an instrument in writing signed by each of the parties hereto. This Agreement is intended to reflect the intent of the parties with respect to the subject matter hereof, and no rule of strict construction shall be applied against any party. The parties acknowledge that amendments to this Agreement may be necessary or appropriate from time to time. When the parties agree that an amendment is necessary or appropriate, the parties shall work together in good faith to agree upon and process any amendments to this Agreement.

10.5 Modification by State or Federal Law. In the event the District, in good faith, determines that State or Federal law(s) and/or regulation(s) enacted or adopted after the Effective Date prevent or preclude compliance with one or more of the provisions of this Agreement, the parties shall meet and confer in good faith in order to modify or otherwise amend this agreement as may be necessary to comply with such State or Federal law(s) and/or regulation(s); provided, however, this Agreement shall remain in full force and effect to the extent not inconsistent with such law(s) and regulation(s). Nothing in this Agreement shall preclude the Owner from contesting by any available means the District's determination of the applicability of such State or Federal law(s) and/or regulation(s) to this Agreement and transactions contemplated hereby.

10.6 Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Idaho. Any action brought in connection with this Agreement shall be brought in the Fourth Judicial District of Idaho located in Ada County, Idaho.

10.7 Waiver. The waiver by any party hereto of any right granted to it under this Agreement shall not be deemed to be a waiver of any other right granted in this Agreement or shall the same be deemed to be a waiver of a subsequent right obtained by reason of the continuation of any matter previously waived under or by this Agreement.

10.8 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together constitute one and the same instrument. The signature pages from one or more counterparts may be removed from such counterparts and such signature pages all attached to a single document so that the signatures of all parties may be physically attached to a single document.

10.9 Dissolution. In accordance with Section 50-3116 of the Act, the District shall be dissolved by the District Board by a resolution of the District Board upon a determination that each of the following conditions exist: (a) all Community Infrastructure constructed has been, or provision has been made for all constructed Community Infrastructure to be conveyed, either to the State of Idaho or to a political subdivision thereof, which shall include a county or city in which the District is located, or to a public district or other authority authorized by the laws of this state to own such constructed Community Infrastructure; (b) the District has no outstanding bond obligations; and/or (c) all obligations of the

District pursuant to any contracts or agreements entered into by the District have been satisfied. All property within the District that is subject to the lien of District taxes or special Assessments shall remain subject to the lien for the payment of G.O. Bonds or Assessment Bonds, as the case may be, notwithstanding dissolution of the District. The District shall not be dissolved if any Revenue Bonds of the District remain outstanding unless an amount of money sufficient, together with investment income thereon, to make all payments due on the Revenue Bonds, either at maturity or prior to redemption, has been deposited with a trustee or escrow agent and pledged to the payment and redemption of such Revenue Bonds. The District may continue to operate after dissolution only as needed to collect money and make payments on any outstanding Bonds.

10.10 Notices. All notices, filings, consents, approvals, certificates or other communications provided for herein or delivered in connection herewith shall be validly delivered, filed, made, or served if in writing and delivered personally or delivered by a nationally recognized overnight courier or sent by certified United States Mail, postage prepaid, return receipt requested, if to:

Boise, ID 83701

or to such other addresses as either Party hereto may from time to time designate in writing and delivery in a like manner. Notices, filings, consents, approvals and communication given by mail shall be deemed delivered immediately if personally delivered, 24 hours following deposit with a nationally recognized courier, or 72 hours following deposit in the U.S. mail, postage prepaid and addressed as set forth above.

10.11 Invalid Provisions. If any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision thereof.

10.12 Headings. The headings or titles of the several Articles and Sections hereof and in the Exhibits hereto, and any table of contents appended to copies hereof and thereof, shall be solely for convenience of reference and shall not affect the meaning, construction or effect of this Agreement.

10.13 Obligations Under Law. This Agreement does not relieve any party hereto of any obligation or responsibility imposed upon it by law.

10.14 No Merger. Unless otherwise expressly provided, the representations, covenants, indemnities and other agreements contained herein shall be deemed material and continuing, shall not be merged and shall survive any conveyance or transfer provided herein.

10.15 Force Majeure. If any party hereto shall be unable to observe or perform any covenant or condition herein by reason of Force Majeure, defined herein, then the failure to observe or perform such covenant or condition shall not constitute a default hereunder so long as such party shall use good faith efforts to remedy with dispatch the event or condition causing such inability and such event or condition can be cured within a reasonable amount of time. “**Force Majeure**” means any condition or event not reasonably within the control of such party, including, but not limited to, acts of God; strikes, lockouts, or other disturbances of employer/employee relations; acts of public enemies; acts of terrorism; orders or restraints of any kind of the government of the United States or any State thereof or any of their departments, agencies, or officials, or of any civil or military authority; insurrection; civil disturbances; riots; epidemics; landslides; lightning; earthquakes; subsidence; fires; hurricanes; storms; droughts; floods; arrests; restraints of government and of people; explosions; and partial or entire failure of utilities. Failure to settle strikes, lockouts and other disturbances of employer/employee relations or to settle legal or administrative proceedings by acceding to the demands of the opposing party or parties, in either case when such course is in the judgment of the party hereto unfavorable to such party, shall not constitute failure to use its best effort to remedy such a condition or event.

10.16 Reasonableness. Whenever, without limitation, decisions, elections, reviews, consents and/or approvals by any party hereto, shall be required under the provisions hereof, such decisions, elections, reviews, consents and/or approvals shall not be unreasonably granted, withheld, conditioned or delayed.

10.17 Interpretation. All parties hereto have been, or have had the opportunity to be, represented by legal counsel in the course of the negotiations for and the preparation of this Agreement and related documents. Accordingly, in all cases, the language of this Agreement and related documents shall be construed simply, according to its fair meaning, and not strictly for or against a party regardless of whether such party caused the preparation of this Agreement and/or related documents.

10.18 Authority. The persons executing this Agreement on behalf of each respective entity each warrant and represent to the others that they have been duly authorized to act on behalf of their respective entity and have the authority to execute this Agreement and to create a binding obligation.

Shane K Bergmann
City Clerk

By: James D. Reynolds
James D. Reynolds, Mayor

the first above written.

SPRING VALLEY
COMMUNITY INFRASTRUCTURE DISTRICT NO. 1
FORM OF CID TAX AND SPECIAL ASSESSMENT
DISCLOSURE NOTICE

[FOR ILLUSTRATIVE PURPOSES ONLY]

Buyer(s):	_____
Development:	_____
Parcel:	_____
Lot:	_____
County:	_____
Date of Sale:	_____
Homebuilder:	_____

General CID Provisions

YOU ARE PURCHASING REAL PROPERTY THAT IS INCLUDED WITHIN THE BOUNDARIES OF A COMMUNITY INFRASTRUCTURE DISTRICT. The Spring Valley Community Infrastructure District No.1 (the “CID”) was formed on _____, 20__ to finance the acquisition and construction of community infrastructure. The CID issues and/or will issue general obligation (“GO”), special assessment (“SA”), and/or revenue bonds to raise funds to pay for the acquisition and construction of these infrastructure improvements and operation expenses. The CID also obtains funds from *ad valorem* property taxes, special assessment(s) and/or charges/fees levied against all property located within the CID to pay for operation expenses.

Ad Valorem Taxes of the CID

GO bonds and the CID’s operation and maintenance expenses are paid from *ad valorem* property taxes levied against all property within the CID. Currently, 0.005 (5 mills debt service and .1 mills administration expenses) is added to the property tax rate; however, such adjustment to the tax rate could vary depending upon factors including the amount financed with GO bonds, the terms of financing, and the assessed valuation (i.e., for tax purposes) of property within the CID. Your share of the GO bond payments and expenses are included as part of your regular Ada County property tax statement and are shown separately. This tax is in addition to taxes levied by the City of Eagle and other political subdivisions of the State of Idaho.

Special Assessments of the CID

SA bonds are paid from SA payments secured by an assessment lien on each benefited lot within a Special Assessment Area ("**Special Assessment Area**"). Special Assessment Areas are formed from time to time based on the public infrastructure improvements being constructed and/or acquired with proceeds from the SA bonds. The amount of the SA liens vary depending upon the size of the lot within the Special Assessment Area, the benefits estimated to be received by each such lot, the cost of the public infrastructure improvements to be financed, and the financing terms of the applicable SA bonds. Twice a year the CID will send the bills for the SA payments, as well as the applicable administrative charges; these SA bills are different and separate from your regular Ada County property tax bill.

Initial Financing's Cost to Homeowner.

At the request of the Developer, the prior owner of Parcel _____, the CID has formed a Special Assessment Area that includes Parcel _____ for the construction and/or acquisition of certain public infrastructure improvements. The CID has assessed each lot within Parcel _____ including your lot in the amount of \$_____ (the annual "**Assessment**").

The following table illustrates the estimated total annual CID taxes for CID operation and administrative expenses, repayment of the anticipated CID GO bonds, and repayment of the Assessments.

Spring Valley Community Infrastructure District No. 1
Estimated Taxes

Estimated Home Price	(A) Estimated Annual General Obligation & Expense Payment (1)	(B) Estimated Annual Special Assessment Payment (2)	(A) + (B) Estimated Total Annual CID Tax Payments
\$250,000	\$490	\$556	\$1,046
\$275,000	\$567	\$556	\$1,123
\$300,000	\$645	\$556	\$1,201
\$325,000	\$722	\$556	\$1,278
\$350,000	\$800	\$556	\$1,356
\$375,000	\$877	\$556	\$1,433
\$400,000	\$955	\$556	\$1,511

Footnotes:

- (1) Represents a homeowner's exemption of \$92,040 for 2011 and the repayment of CID general obligation bond indebtedness and CID expenses based upon a 0.0031 increase in the ad valorem property tax rate.
- (2) Based upon (a) special assessment lien of \$6,500 per lot and (b) special assessment bond terms of 7.5% interest rate, 29-year amortization period, one year of capitalized interest, 10% reserve fund, and issuance expenses.
- (3) All of the taxes, assessments and charges described above are in addition to any taxes, fees and charges imposed by Ada County, the City of Eagle or other political subdivisions and are in addition to any assessments or fees imposed by any homeowners association.

Homeowner's Acknowledgments

By signing this disclosure statement, you as a contract purchaser of a lot located within the CID and the Special Assessment Area:

- (i) acknowledge receipt of this Disclosure;
- (ii) agree that you have been granted an opportunity to review the material contained in this Disclosure; and
- (iii) agree that you accept an assessment lien of \$_____ against your lot that secures your share of the special assessments due for the Special Assessment Area. The Assessment will be paid by you, the owner of the assessed lot, in semiannual payments of principal and interest over the 30-year term of the bonds. If any semiannual payment is not paid, the CID has the right to institute proceedings to foreclose the assessment lien and sell your lot. The special assessment is a specific lien secured by your specific lot and is not a personal obligation.

The obligation to retire the bonds will be the responsibility of the property owners in the CID through the payment of real property taxes and special assessments collected by the county treasurer that is in addition to all other property tax payments. All of the taxes and charges described above are in addition to any taxes, fees and charges imposed by the City of Eagle, other political subdivisions and in addition to any assessments or fees imposed by the homeowner association.

In the event of a failure by the property owners within the CID to pay the CID taxes, the tax rate within the CID including your parcel will increase, as needed to provide for the bond payment.

Fees and Charges of the CID

Revenue bonds are paid from user, landowner and other fees and charges applied to property owners residing within the District. It is estimated that payment of revenue bonds supported by _____ fees will add approximately \$_____ per month to the _____ bill; however such additional charges could vary depending upon factors including the financing amount and terms. Payments of revenue bonds are included as part of your regular _____ and are in addition to your regular monthly _____ user fees.

Your signature below acknowledges that you have received, read and understood this document at the time you have signed our purchase contract and agree to its terms.

Delivery Instructions: After purchaser has reviewed, signed and acknowledged the CID disclosure statement, a complete copy must be sent to the District:

(insert description of Project/Segment)

STATE OF IDAHO)
COUNTY OF ADA)
CITY OF EAGLE) ss.
SPRING VALLEY COMMUNITY
INFRASTRUCTURE DISTRICT NO. 1

KNOW ALL PERSONS BY THESE PRESENTS THAT:

M3 Eagle L.L.C. (the “**Owner**”), for good and valuable consideration received by the Owner from Spring Valley Community Infrastructure District No. 1, a community infrastructure district formed by the City of Eagle, Idaho (the “**City**”), and duly organized and validly existing pursuant to the laws of the State of Idaho (the “**District**”), to hereafter pay \$_____ combined with the promise to pay \$_____ exclusive of financing costs and other eligible costs pursuant to Section 5._(a) of the Spring Valley Community Infrastructure District No 1, District Development Agreement, dated _____, 200__, (the “**District Development Agreement**”) and as further described in Schedule 1 attached hereto, does by these presents grant, bargain, sell and convey to the District, its successors and assigns, all right, title and interest in and to the following described property, being the subject of the District Development Agreement, by and among the Owner, the City and the District and more completely described in such District Development Agreement:

(Attached Schedule 1 for project/segment detail)

Together with any and all benefits, including warranties and performance and payment bonds, under the Owner Project/District Project Construction Contract (as such term is defined in such District Development Agreement) or relating thereto, all of which are or shall be located within utility or other public easements dedicated or to be dedicated by plat or otherwise free and clear of any and all liens, easements, restrictions, conditions, or encumbrances affecting the same. Such subsequent dedications shall not affect the promise of the District to hereafter pay the amounts described in such District Development Agreement, but subject to all taxes and other assessments, reservations in patents, and all easements, rights-of-way, encumbrances, liens, covenants, conditions, restrictions, obligations, leases, and liabilities or other matters as set forth on Schedule 1 hereto.

TO HAVE AND TO HOLD the above-described property, together with all and singular the rights and appurtenances thereunto in anywise belonging, including all necessary rights of ingress, egress, and regress, subject, however, to the above-described exception(s) and reservation(s), unto the District, its successors and assigns, forever; and the Owner does hereby bind itself, its successors and assigns to warrant and forever defend, all and singular, the above-described property, subject to such exception(s) and reservation(s), unto the District, its successors and assigns, against the acts of the Owner and no other.

The Owner binds and obligates itself, its successors and assigns, to execute and deliver at the request of the District any other or additional instruments of transfer, bills of sale, conveyances, releases, or other instruments or documents which may be necessary or desirable to evidence more completely or to perfect the transfer to the District of the above-described property, subject to the exception(s) and reservation(s) hereinabove provided.

This conveyance is made pursuant to such District Development Agreement, and the Owner hereby agrees that the amounts specified above and paid and promised to be paid to the Owner hereunder upon final payment will satisfy in full the obligations of the District under such District Development Agreement and hereby releases the District from any further responsibility to make payment to the Owner under such District Development Agreement except as herein provided.

The Owner, in addition to the other representations and warranties herein, specifically makes the following representations and warranties:

1. The Owner has the full legal right and authority to make the sale, transfer, and assignment herein provided.
2. The Owner is not a party to any written or oral contract that adversely affects this Conveyance.
3. The Owner is not subject to any bylaw, agreement, mortgage, lien, lease, instrument, order, judgment, decree, or other restriction of any kind or character that would prevent the execution of this Conveyance.
4. The Owner is not engaged in or threatened with any legal action or proceeding, nor is it under any investigation, which prevents the execution of this Conveyance.
5. The person executing this Conveyance on behalf of the Owner has full authority to do so, and no further official action need be taken by the Owner to validate this Conveyance.
6. The facilities conveyed hereunder are all located within property owned by the Owner or utility or other public easements dedicated or to be dedicated by plat or otherwise.

IN WITNESS WHEREOF, the Owner has caused this Conveyance to be executed and delivered this day of, 201__.
